Funding Clinic

- Normally couple hour meeting
- Discussion about company status, specifically focusing on funding
- Booking at website
<https://bt-rahoitusneuvonta.youcanbook.me>
- Deliverable is proposal for next steps/actions

Funding Planning

- Couple hour meeting where the company is introduced to the following topics:
 - Different funding instruments available
 - Public / private
 - Basic information to start looking for the funding
 - Funding strategy basics
 - Full life cycle of the company
 - Funding vocabulary / terminology
 - Funding parameters
 - Term sheet
- After the meeting company understands the basics of funding planning and is better prepared to start discussions with investors / buy support services

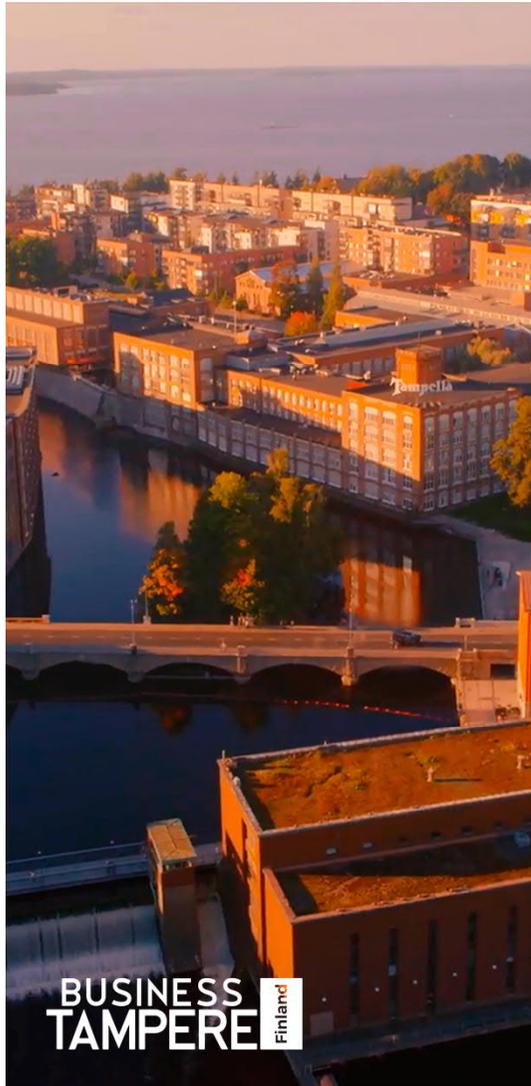

Funding Documentation

- Couple hour meeting where the company will receive templates/examples of the following documents:
 - Elevator pitch
 - 1-pager / data sheet
 - Investor presentation
 - Pitching event
 - Investor meeting
- In addition, discussions about the required "homework" which has to be done
- After the meeting the company has the basic tools and understanding to start preparing their own company documentation / buy support services

Actual Funding Round

- Couple hour meeting where the actual funding round “logistics” is discussed
- Discussion about the suitable investor profiles
 - Introduction to available tools / databases
- Marketing of the funding round
- Introductions if available and there is a match
- BT is by no means involved with actual funding discussions!
- After the meeting the company has the basic knowledge how the funding rounds are executed, and are better prepared to start discussions with the investors / buy support services

Presentation Training

- Half day to a full day training focusing mainly on presentation techniques
- Will be done together with available partners
- Will be synchronized with other regional startup events and accelerator programs
- After the training company is better prepared to present themselves to the investors
