Spring/Summer 2026

BUILDING OUR FUTURE SEMICONDUCTOR TALENTS WORKSHOP

10 March 2026 | Finlayson Tampere | klo: 09:30 - 16:00

Workshop Highlights

- **EU & Finland Research Results:** Gain latest EU and Finland findings on semiconductor talent needs.
- **Strategic Alignment:** Ensure your sector's needs are reflected in future planning through interactive group sessions.
- **Influence targeted initiatives:** Contribute your expertise to shape city- or national-level activities aimed at attracting skilled technology professionals.
- **Collaborate on tailored training programs:** Share information on required skills to design training that strengthens workforce competencies and meets sector-specific demands.
- **Play a key role in future-proofing:** Help define long-term strategies for talent development and attraction to ensure industry resilience.
